Description

This industrial quality ST-12DP4 table saw package deal with sliding table & over head guard is manufactured in Taiwan and is practically compact in size but of very robust construction and primarily designed to rip through all the hard timbers that is required in many of today's professional workshops.

The secret to this great saw is the heavy-duty trunnion that supports the large 305mm blade & drive motor is substantially rigid so it can handle & withstand the workload to perform accurate cuts all day. Furthermore, connected to this mechanism are the two smooth action dials with locks to adjust the desired blade height & tilt angle for each required set up. Like all good industrial saws this saw is built with superior strength in mind and the massive total weight of 249kg is a great example of that.

The main table is extremely heavily webbed cast iron which provides a rigid mounting point to connect the trunnion mechanism to support the 305mm main blade. The induction motor power is provided by a 3.75kW / 5hp 415V via three A-section belts that will drive the blade through the most stubbornness timbers. The heavy-duty fence securely locks onto the front and rear of the extra-long square metal tubes to allow a huge 1220mm ripping capacity.

This great saw also includes a mitre guide, mobile wheel base kit that allows you to move the saw around your workshop and a rear dust port that will remove internal dust from underneath the blade when connected to a comparable optional dust extraction system.

Features

- Robust Saw Bench suitable for the professional workshop
- Tilt arbor 45°
- Heavy duty quick-action 1220mm rip fence
- Heavy duty 950 x 690mm cast iron table
- Triple A section V-belt drive for maximum power transmission
- Heavy steel fabricated stand with 100mm dust chute
- Emergency stop contactor switch with overload protection
- Includes Mitre guide & 305mm TCT blade
- Industrial Taiwanese Machine
- Machine requires a 20Amp circuit
- SBST-12D - Sliding Table - (W458)
- 1250mm Sliding table
- Pivoting work fence & quick action material clamp

Product Brochure For K052

- Can rip 2440 x 1220mm timber sheets
- Includes material length stop
- SBG-12D - Saw Guard Hood - (W459)
- Saw guard hood with 60mm dust extraction chute
- Bolts on to side of table saw
- Adjustable height on guard
- Clear viewing panel
- Guard allows saw blade to tilt

Includes

- Mobile wheels
- Mitre guide
- Heavy duty quick action rip fence

Optional Accessories

- Table Insert To Suit DADO Blade (KA0999)
- Arbor Extension To Suit DADO Blade (KA1028)
