### Description

Industrial steel shelving which is supplied in bays 1955mm (L) x 610mm (W) x 1830mm (H) with a silver corrosive resistant powder coated finish.

Each bay consists of four levels with wire mesh inserts, each shelf has a capacity of 364kg. The vertical posts have provision to adapt an optional racking extensions (S014A) to double the storage. The shelf rails are secured in position and locked in via a wedge system. Simply very easy to assemble without the use of any tools.
