Pedestal Grinder - BG-8, 240V

Built to School Specifications
 NSW DOE Item 6A

Please Call

ORDER CODE:	K8222
NSW DOE Item No.:	6A
QLD DOE Item No.:	~
MODEL:	Schools / TAFE BG-8
Machine Type:	Grinder
Wheel Diameter (mm):	Ø200
Grinding Wheel Type:	46Grit / 60Grit
Buffing Wheel Type:	~
Spindle Shaft:	5/8" x 11TPI
Spindle Speed (RPM):	2850
Motor Power (kW / hp):	0.75 / 1
Voltage / Amperage (V / amp):	240 / 10
Nett Weight (kg):	40

Description

The Hafco Metalmaster BG-8 Bench Grinder, manufactured in Taiwan, is a robust and reliable machine designed for industrial use. With a heavy cast iron frame, a powerful 1HP motor, and 200mm grinding wheels, this bench grinder is built to handle the most demanding tasks. Additionally, it features heavy-duty toolrests which are supported on both sides of the wheels, providing excellent support for the workpiece.

Features

- High quality robust construction, manufactured in Taiwan
- 1HP high powered motor rated at it's true output power
- Fully balanced motor providing smooth operation
- Capacitor start and run provides instant startup and running power
- Heavy duty tool rests with dust chutes
- 5/8" x 11TPI spindle
- Ø200 x 25 x 20mm wheels (36-grit & 60-grit)
- Includes pedestal stand & water tray

Safety Features

- Non Voltage Return (NVR) safety switch, which stops machine from re-starting during workshop power failures
- Emergency stop switch
- Adjustable spark protection eye shields
- Keyed isolation switch - PWD approved
- Test and tag certificate on 240V lead
