Description

The BM-70VE Industrial turret milling machine is manufactured in Taiwan to a strict precision engineering ultra-high tolerance & superior excellence to cope with many jobs from small to big that is set out by the professional machinist, and importantly to deliver many years of valuable & reliable service.

This heavy-duty solid milling machine has a generous scope in all X, Y & Z travels, X-axis 1050mm, Y-axis 420mm & Z-axis 400mm. What separates this BM-70VE turret milling machine from all the others on the market is the large 1500 x 305mm table has a very long table base support and will accept a heavy table weight of 500kg. furthermore, it is complimented with square slide-ways for the Y & Z-axis which relates to more surface area resulting in outstanding rigidity and performance when taking heavy cuts.

This milling machine package is also complete with a few of the most desirable features for example, 5hp motor driving the NT40 spindle taper, Inverter controller X & Y axis feeds, Z-axis powered elevating motor, pneumatic operated draw bar to easily & quickly change tool holders with a push of a button and automatic operated oil pump to keep slides in perfect working order.

The BM-70VE machine also includes features like, electronic variable spindle speed with a digital readout display, turcite B coated X & Y slide-ways that reduces friction to provide smooth table movement even when loaded up with a heavy job, hardened & ground work table & slide-ways and a 3-axis digital readout system fitted.

Another reliable feature in this range of precision milling machines is the manufacturing process of the main body & supports, it is made up from the highest quality Meehanite® cast iron. The key to the undisputed success of Meehanite® metals is the rigid application of its patented manufacturing process to provide ultimate strength & durability performance.

To conclude this BM-70VE heavy-duty industrial turret milling machine is that this model can withstand the heavy metal removal cuts, and when its put to the test it certainly performs its duties with absolutely no hesitation.
