METALMASTER

Description

Use in any of our METALMASTER M16 Pro Series welding tables, our universal clamp offers flexible clamping options between +/- 42 degree angles. Being universal it can be used straight or at an angle while being adjustable in height & throat depth allowing for a multitude of clamping options on both round & square material. Along with this it also includes a V-Slotted swivel clamp pad making them the perfect addition to your welding table.

Features

- Heavy steel construction
- CNC machined surfaces to ensure precision tolerances
- Burnished finish surface treatment to prevent rust
- Tilts both ways +/- 42 degrees
- Suits welding tables with Ø16mm holes
- 130mm throat depth
- 100mm clamp height opening
- V-Slotted swivel clamp pad
