Description

The perfect addition to complement our METALMASTER M16 Pro Series welding tables. Designed for when requiring a flush transition between the table & a fixturing element making it easy to set-up and tear down for your job at hand whether it is big or small. Increase precision & consistency for all your welding tasks to save you time and money.

Features

- Fast & easy way to securely attach fixture elements to a table or to other fixture elements
- Used when a flush surface transition is required
- CNC machined surfaces to ensure precision tolerances
- Burnished finish surface treatment to prevent rust
